Project P.E.D.

***P*edestrian Safety *E*nforcement *D*eterrence**

Commencing in December, University Police Officers will be conducting an educational safety and enforcement campaign with a concentrated effort on reducing the risk of injury to pedestrians and motorists on the CSUN campus.

Help us in our efforts to improve pedestrian and vehicular safety:

- **Obey all speed limits and stop signs on roadways, in parking lots and structures – it's the law!**
- **Yield the right-of-way to pedestrians**
- **Use designated cross walks**
- **Do not use a cell phone while driving or crossing the street – distraction causes accidents!**
